PROFESSIONAL SUMMARY

Motivated Computer Science student with strong knowledge in **Java** and **MERN stack development**. Passionate about building responsive web applications and solving real-world problems through clean and efficient code. Seeking an opportunity to contribute to a dynamic development team.

TECHNICAL SKILLS

- **Programming:** Java, JavaScript .
- **Backend:** Node.js, Express.JS .
- **Frontend:** React, HTML5, CSS3.
- **Databases:** MongoDB.
- **Tools**: GitHub, VS Code

PROJECTS

Healthcare Appointment & Medical Records System
Technologies Used: React.js, JavaScript, HTML, CSS, LocalStorage, Stripe.
Key Features:

- Developed a responsive healthcare web application for booking doctor appointments.
- Implemented user authentication (Register/Login system).
- Designed doctor selection and appointment booking functionality.
- Built dynamic medical records section displaying patient and doctor details.
- Integrated LocalStorage for persistent data handling without backend.
- Implemented appointment cancellation feature.
- Created modern UI with image sliders and responsive layout.

WebShop – Secure MERN E-Commerce Platform
Technologies Used: React.js, JavaScript, HTML, CSS, Stripe.
Key Features:

- Developed a complete e-commerce web application using **MongoDB, Express.js, React.js, and Node.js**.
- Using **Stripe (Card Payments)** payment gateways.
- Built dynamic cart management and real-time order summary.
- Designed responsive UI using Material UI.
- Implemented backend APIs for order creation and payment verification.
- Managed environment variables and secure API key configuration.

EDUCATION

Bachelor of Engineering in Computer Science **Dec 2022 – Jun 2026**
Maharaja Institute of Technology, Mysuru | Visvesvaraya Technological University| **CGPA: 8.7**

COURSES & CERTIFICATIONS

- FullStack Web Development:Javascript,NodeJS,CSS and HTML –-UDEMY

EXTRA-CURRICULAR ACTIVITIES

- Participated in Hackathons and in College Events.
